Corporate Health & Wellbeing Summit

## ABOUT THE SUMMITS

The focus of the Corporate Health & Wellbeing Summits is maximising business productivity and performance through a happy, healthy and motivated workforce. They are one-day events attended by hundreds of senior level management and Human Resource professionals who are looking to make positive changes in their working environments.

**They will be keen to learn about services like yours, and ready to make informed decisions.**

"As first-time exhibitors, we were very pleased with the calibre of the delegates in attendance. The event was well run and we were well looked after. The program was enjoyable and we would certainly attend again."

**Synergy Health**

## SPONSORSHIP OPPORTUNITIES

These Summits present you with a fantastic opportunity to build relationships with these influential people and put your brand at the front of their minds.
